COMPANY PROFILE

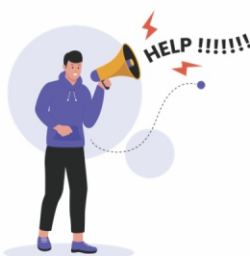

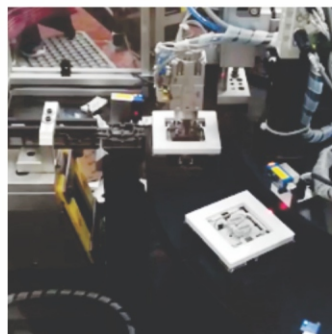

Established in Delhi (India) in the year 1980, we at AP Electrical Solutions are a dependable entity that manufacture and supply top quality Electrical Products. By developing a highly pioneering and advanced range of electrical products, we have set up a benchmark for the competitors in the industry. We have a skilled team of professionals, which ensure top grade products are dispatched to our clients. Further, we strive hard to recognize the preferences and expectations of our clients and then offer them cost-effective products without compromising on quality.

Total Quality management has always been at the forefront of AP Electrical Solutions focus, and this continuous effort has resulted in receiving widely industry benchmark certifications such as ISO 9001-2008, ISI mark, and CE. The stringent quality checks carried out all of the manufacturing facilities cover all aspect and stages of manufacturing right from the selection of raw materials to the final packaging and dispatch stages.

AP Electrical Solutions has always felt proud for being such as respected name in the field of electronic solutions providers, and this has led it towards opting for innovative and cutting edge ideas to ensure best eco-friendly standards during manufacturing. Moreover, streamlining of the production process has also led to minimization of the production wastes, and better conservation of energy and resources. In fact, products from the stable of AP Electrical Solutions has surged ahead and met the ROHS or Restriction of Hazardous Substance benchmark, which is equal to any European standard quality measurement.

in **2024 AP ELECTRICAL SOLUTIONS**
Won The Best Electrical Company of
India Award By **Mr. Arbaaz Khan At**
Excellency Iconic Awards World Trade
Center, Mumbai.

For every **AP SWITCH** Box you buy We contribute Re.1 in the Education and development Initiative that support rural people in there primary education and better living.
You can be truly proud that your Contribution is a part of it.
